

# Westfields Sports Athletics Program trials for years 7 2021

Australia's leading Athletics school invites parents of year 6 students to apply for entry into the Westfields Sports athletics program for 2021. Our athletics program has been operating for 28 years and in that time has produced Olympic finalists, World Champions, Commonwealth Champions and hundreds of National and State Champions. Current athletes include World Champion Dani Stevens, Australian Champions Aleksandra Stoilova, Audrey Nadaya-Harb, Rashid Kabba and National medallists, Shola Adeniran, Bryce Nolan and Raven Pyda. Many of these athletes have come from little or no background in athletics and have had their careers developed at Westfields Sports.

**Contact the school for applications on 0296043333 during school hours.** Closing date for applications is being reviewed due to COVID-19 restrictions. As soon as a date is chosen it will be notified on school website.
